

The Bemidji Area HPDP, Tele-Behavioral Health Center of Excellence & The IHS Clinical Support Center (Accredited Provider) Presents Emerging Trends: E-Cigarettes, Hookah & Beyond

Thursday, February 18th 2016

3:00 – 4:00pm Eastern

2:00 – 3:00pm Central

1:00 – 2:00 pm Mountain

12:00 – 1:00 pm Pacific

[Presenter: Phillip Gardiner, DrPH]

TARGET AUDIENCE: Physicians, Nurses, Registered Dietitians, Pharmacists, Health Promoters, Fitness Specialist, Environmental Health Professionals other members of the care team and other interested parties.

DISCRIPTION: Electronic cigarettes have gained tremendous popularity over the past few years. Yet there is only partial information on the chemical composition and potential health benefits and or harm of these products. While harm reduction and cessation claims abound, the existing scientific literature provides a cautionary tale that the use of theme products may lead to the ongoing use of both regular tobacco products and electronic cigarettes (dual use). New studies confirm that 2nd hand aerosol is inhaled by the people near and around e-cigarette users.

Join this session to learn more about the effects and impact of electronic cigarette use through the work and research of Dr. Gardiner by increasing knowledge of the negative health effects of e-cigarettes including the second hand aerosol that is inhaled by people who are near e-cigarette users.

OBJECTIVES:

1. Describe the Chemical composition of E-Cigarette Liquids and Aerosols
2. Recognize the Chemical Exposure resulting from Hookah use.
3. Educate patients on the various new nicotine delivery devices and the co use with other substances (ex. Marijuana).

CONNECTION INFORMATION:

1. Go to: <http://ihs.adobeconnect.com/ihs-hpdp>
2. Select the “Enter as a Guest” option.
3. Input your name (first and last) in the Name box.
4. Press the “Enter Room Button”

Criteria for Receiving CE:

To obtain a certificate of continuing education, you must participate in the webinar in its entirety and submit a completed post-webinar survey. The post-webinar survey will be available on the last slide of the webinar/presentation. Certificates will be available to participants after completion of the evaluation of the webinar.
