HHS, Treasury Release Proposed Rules on Medicaid Expansion and Premium Tax Credits Under Exchanges

The Department of Health and Human Services and Treasury released three new proposed rules concerning State Insurance Exchanges, one-stop marketplaces where consumers can choose an affordable private health insurance plan suited to their needs.

The three proposed rules released by HHS and Treasury focus on the following:

- **Health Insurance Premium Tax Credit:** Individuals and families will receive premium tax credits to help defray insurance costs, increasing access to health coverage for millions of middle class American families.
- **Medicaid Eligibility:** Coordinating the Exchange with Medicaid and Children's Health Insurance Program eligibility will make enrollment seamless for qualified Americans and reduce the administrative burden on states.
- **Easy, Simple Access to Coverage for Consumers and Small Businesses:** New rules will make it easy for consumers to enroll in high-quality health plans and get help paying for health coverage through premium tax credits and cost sharing reductions. Small employers participating in the Small Business Health Options Program will be able to offer their employees a choice of health plans and cut their costs with new tax credits.

IHS Director Calls for Legislative Fix to Definition of Indian

As implementation of the Affordable Care Act moves forward, the inclusion of multiple definitions of "Indian" in the law remains a problematic issue for Tribes. Indeed, contained in the law are three different statutory definitions of American Indians and Alaska Natives. In an August 26th blog post, Indian Health Service Director Yvette Roubideaux responds to Tribal concerns by calling for a "legislative fix" to the law, an amendment to the Affordable Care Act drafted and passed by Congress. In the weeks ahead, the Administration will conduct an aggressive outreach campaign and ask for public comment on the three proposed rules from employers, consumers, state leaders, health care providers and insurers, and the American people. In addition to accepting written public comments for the next 75 days, the departments will hold forums. These forums will help ensure more Americans have the opportunity to share their views regarding the establishment of Affordable Insurance Exchanges. Invitation-only forums will be held in:

- Atlanta, GA: September 13th
- New York, NY: September 21st
- Sacramento, CA: September 22nd
- Chicago, IL: September 26th
