

COVID-19 Funding Opportunities for Tribes

The COVID-19 Funding Opportunities for Tribes is a quick reference of the current and previously available funding for Tribal governments, Consortiums, or Organizations to prevent, prepare for, and respond to the novel coronavirus disease (COVID-19) in Indian Country.

Table 1: COVID-19 Funding Opportunities for Tribes

Agency	Title and Funding Mechanism	Due Date	Length of Funding Opportunity	Proposed/ Funded Amount	<u>Approximate</u> No. of Awards	Eligibility	What is Funded	Contact Information
Centers for Disease Control and Prevention (CDC)	Strengthening Healthcare Infection Prevention and Control and Improving Patient Safety in the United States https://www.grants.gov/web/grants/view-opportunity.html?oppId=335995	02/11/2022		Estimated Total Program Funding \$100,000,000 with expected number of 12 awards	12	Native American Tribal governments (Federally recognized, Native American Tribal organizations (other than federally recognized tribal governments))	Lead efforts to improve implementation of healthcare IPC and improve the ability of the U.S. public health workforce to support healthcare IPC and prevent and respond to healthcare-associated infections (HAI) and antibiotic resistance (AR).	Kate Agin healthcareipccoag@cdc.gov
National Indian Health Board (NIHB)	Building Capacity for Tribal Infection Control-Project Firstline Subaward	02/24/2022	5 months	\$50,000	Up to 4	Tribal Healthcare facilities or Tribal organizations	Implementation of infection control training for frontline staff, surveillance, and monitoring	Carmen Sanders csanders@nihb.org

	https://nihb.org/project-firstline/							
National Indian Health Board (NIHB)	Infectious Disease Peer Learning Community	02/25/2022	7 months	\$15,000	Up to 6	Must be an official Tribal entity defined as a federally recognized Tribal Government, Tribal organization, inter-Tribal consortium, or Tribal health care facilities/health systems as defined in the Indian Self-Determination and Education Assistance Act, as amended. Successful applicants will be required to sign a memorandum of agreement (MOA) which will detail the scope of the project's deliverables being supported.	Create and facilitate peer learning community networks for identified health professions to provide ongoing discussions and skills building.	Audrianna Marzette amarzette@nihb.org

National Institutes of Health (NIH)	Limited Competition Emergency Awards: Shared Personal Protective Equipment Resources for COVID-19 Related Vaccine and Treatment Clinical Trials and Clinical Studies (S10 Clinical Trial Not Allowed) https://www.grants.gov/web/grants/search-	07/15/2022				Native American Tribal governments (Federally recognized), Native American tribal organizations (other than federally recognized Tribal governments), Alaska Native and Native Hawaiian Serving Institutions	Emergency funding opportunity to provide Personal Protective Equipment (PPE) to directly support the needs of the NIAIDs vaccine and treatment clinical trials and clinical studies for COVID-19. This program will ensure that adequate protective equipment is available to directly assist in safely carrying out the clinical activities and direct interactions with the patients participating in the trial. Table 2: CLOSED COVID-19 Funding Opportunities for Tribes

Agency	Title and Funding Mechanism	Due Date	Length of Funding Opportunity	Proposed/ Funded Amount	Approximate No. of Awards	Eligibility	What is Funded	Contact Information
Federal Communications Commission (FCC) Application CLOSED	COVID-19 Telehealth Program https://www.fcc.gov/covid-19-telehealth-program	N/A	N/A (Start date: March 13, 2020; Support will be available to eligible health care providers for services that require monthly recurring charges, such as broadband connectivity or remote patient monitoring services, through Sept. 30, 2020)	\$200 Million	N/A	Eligible health care provider sites that treat patients, whether located in rural or non-rural areas or U.S. territories. The COVID-19 Telehealth Program is limited to nonprofit and public eligible health care providers that fall within the categories of health care providers in section 254(h)(7)(B) of the 1996 Act: (1) post-secondary educational institutions offering health care instruction, teaching hospitals, and medical schools; (2) community health centers or health centers providing health care to migrants; (3) local health departments or agencies; (4) community mental health centers; (5) not-for-profit hospitals; (6) rural health clinics; (7) skilled nursing facilities; or (8) consortia of health care providers consisting of one or more entities falling into the first seven categories. For purposes of the COVID-19 Telehealth Program, which is authorized by the CARES Act, and not the 1996 Telecommunications Act, both rural and non-rural health clinics are eligible to receive funding.	COVID-19 Telehealth Program funding will provide eligible health care providers support to purchase telecommunications, information services, and connected devices necessary to provide telehealth services to patients in response to the coronavirus pandemic. Devices for which funding is requested must be integral to patient care. <ul style="list-style-type: none"> The COVID-19 Telehealth Program will only fund devices (e.g., pulse oximetry, blood pressure monitoring devices, etc.), that are themselves connected, and will not fund unconnected devices that patients can use at home and then manually report the results to their medical professional. Connected devices may include devices with Bluetooth or WiFi connectivity, including devices that connect to a consumer’s phone 	TelehealthApplicationSupport@fcc.gov
Indian Health Service (IHS) Application CLOSED	Existing ISDEAA agreements https://www.ihs.gov/sites/newroom/themes/responsive2017/display_objects/documents/2020_Letters/DT	N/A	N/A	\$570 million	N/A	N/A	<ul style="list-style-type: none"> Program increases in Hospitals and Health Clinics, Purchased/Referred Care (PRC), Alcohol and Substance Abuse, and Mental Health funding. Purchased/Referred Care funding is allocated using the PRC distribution formula for new PRC funds

				under Title VI of the OAA;				
Federal Emergency Management Agency (FEMA) Application CLOSED	Building Resilient Infrastructure and Communities (BRIC) https://www.fema.gov/sites/default/files/2020-08/fema_fy-2020_bric-notice-of-funding-opportunity_0.PDF https://www.grants.gov/web/grants/view-opportunity.html?oppId=328472	January 29, 2021 (3:00 p.m. Eastern Standard Time)		Tribal Set-Aside: \$20 million. All Indian tribal governments (federally recognized) may apply under the Tribal Set-Aside. Tribal Set-Aside Activity Caps: The combined cost of the applicant’s capability- and- capacity building activities under the Tribal Set-Aside must not exceed \$600,000 per applicant.		Federally recognized Tribe: Must have received a major disaster declaration under the Stafford Act in the seven years prior to the annual grant application period start date or be entirely or partially located in a state that received a major disaster declaration in the seven years prior to the annual grant application period start date. A Federally recognized Tribe is eligible to apply for a grant either as an applicant or subapplicant. If a Tribe requests to apply through the state, the state must meet the “seven year” declaration criteria. FEMA must apply this seven-year requirement for each BRIC grant cycle. As of January 1, 2020, all states, federally recognized tribes, and territories satisfy these criteria.	FEMA will fund the following uses of assistance through BRIC: <ul style="list-style-type: none"> • Capability- and Capacity-Building Activities can be submitted under the State/Territory Allocation and Tribal Set-Aside. These are activities that enhance the knowledge, skills, and expertise of the current workforce to expand or improve the administration of mitigation assistance. • Mitigation Projects can be submitted under the State/Territory Allocation, Tribal Set-Aside, and the national competition. Mitigation projects are cost-effective projects designed to increase resilience and public safety; reduce injuries and loss of life; and reduce damage and destruction to property, critical services, facilities, and infrastructure. • Management Costs can be submitted under the State/Territory Allocation, Tribal Set-Aside, and national competition. Management costs allow FEMA to provide financial assistance to reimburse the recipient and subrecipient for eligible and reasonable indirect costs, direct administrative costs, and other administrative expenses associated with a specific 	For a hardcopy of the full NOFO, please submit a request to: Kayed Lakhia Director, Hazard Mitigation Assistance Division, Mitigation Directorate Federal Insurance and Mitigation Administration Federal Emergency Management Agency 400 C Street, SW Washington, DC 20472

							mitigation project or C&CB activity
