

NATIONAL FORUM ON COVID-19 VACCINE

FEBRUARY 22–24, 2021

Accessible version: <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/forum/factsheet.html>

In support of the Biden-Harris administration's National Strategy for the COVID-19 Response and Pandemic Preparedness, the Centers for Disease Control and Prevention is organizing a virtual National Forum on COVID-19 Vaccine that will bring together practitioners from national, state, tribal, local, and territorial levels who are engaged in vaccinating communities across the nation. The Forum will facilitate information exchange on the most effective strategies to

- Build trust and confidence in COVID-19 vaccines
- Use data to drive vaccine implementation
- Provide practical information for optimizing and maximizing equitable vaccine access

Who should attend?

The Forum is intended for practitioners focused on vaccine implementation, as well as people and groups that can champion vaccine uptake in communities across the country.

Practitioners include representatives of organizations focused on vaccine implementation in communities from

- State, tribal, local, and territorial public health departments
- Healthcare system providers and administrators and their national affiliate organizations
- Pharmacies
- Medical and public health academic institutions
- Community-based health service organizations

Champions include leaders at every level of

- Government
- Faith-based organizations
- Labor associations
- Private sector
- Media
- Education
- Social and civic organizations

*Format subject to change depending on participant interest.

Forum Structure*

- **Promising Practice Plenaries.** Each day will begin with an opening Plenary to facilitate the sharing of critical scientific information, engage government leaders, and showcase promising practices from communities.
- **Practitioner Town Halls.** Concurrent Town Halls will follow the Plenaries, providing an opportunity for participants to engage with subject matter experts and exchange information on how to apply lessons learned in vaccine implementation.
- **Roundtable Discussions.** Within each Town Hall, small group Roundtable Discussions will take place to allow for networking and sharing amongst participants.
