

National Indian Health Board

National Tribal Public Health Summit

• *Together We Rise* •

Sustaining Tribal Public Health as a National Priority

June 6-8, 2017 • Anchorage, AK

Sponsorship Information

The National Indian Health Board (NIHB) has been advocating for American Indian and Alaska Native (AI/AN) health and public health since 1972, when the organization was formed by the Tribes. NIHB serves all 567 federally-recognized Tribes and is committed to upholding our purpose – *to advocate for the rights of all federally recognized American Indian and Alaska Native Tribes through the fulfillment of the trust responsibility to deliver health and public health services-* as we strive to elevate national visibility for Tribal health and public health needs. Through our highly valued annual conferences, NIHB offers key opportunities for allies, organizations and agencies to network, build relationships and establish partnerships with Tribal health leaders in an effort to address AI/AN health priorities.

NIHB is honored to welcome your support for our 8th Annual National Tribal Public Health Summit (TPHS). *We invite you to contribute to Tribal public health by becoming an official sponsor of the premier national AI/AN specific public health gathering.* We offer a variety of sponsorship levels with many benefits included. Sponsoring the National Tribal Public Health Summit provides a great opportunity to elevate the presence and visibility of your organization and work, as well as your commitment to Tribal public health and healthcare needs.
