June) via Zoom.*

---

## ***SAVE THE DATES!***

Tuesday, March 21  
Tuesday, April 25  
Tuesday, May 23  
Tuesday, June 27  
2:00 PM - 3:30 PM Eastern Time

## **REGISTER TODAY!**

---

The National Indian Health Board (NIHB) is pleased to announce the 2023 Maternal Health Tribal Learning Community Series. The series will address topics such as:

- Sovereignty from First Breath
- Cultural Competency and Responsive Healthcare Practices
- Mental Health and Well-Being: Reconnecting Indigenous Lifeways
- Advancing Health Equity: Strengthening Community Engagement

Addressing maternal and child health disparities in Indian Country requires collective action as American Indian and Alaska Native communities are experiencing alarming and disproportionately high rates of maternal health inequities.

Join us to *learn* together about maternal health work in Indian Country. *Share* your knowledge at the Tribal and community levels to inform maternal mortality prevention efforts going forward. *Engage* with other leaders in the field of maternal and child health.

**We invite community members, Tribal leaders, Tribal healthcare and public health professionals, and anyone interested in learning more about Indigenous maternal health to join!**

*After registering, you will receive a confirmation email containing information about joining the meeting.*
