TRAIN Learning Management Network – [www.train.org](http://www.train.org)

- 29,000 courses; 4,000 providers of training
- 1.3 million users; over 4 million course completions
- Available for FREE to anyone in any Tribe
  - Affiliates can do a bit more, such as manage learning, produce reports, develop training plans, learn from and share with other health departments
  - Might your Tribe join 26 states and 4 federal government agencies as a TRAIN affiliate?

Tip #5: Don’t Let the Perfect Be the Enemy of the Good --- Build a Workforce Development Plan for Your Employees, Agency, and Community

➢ I don’t have:
  ➢ A completed competency assessment
  ➢ Implemented professional development plans
  ➢ Competency-based job descriptions
  ➢ A health department “climate” survey
  ➢ Etc……..

➢ Templates can help provide guidance, but………..

➢ It’s the PROCESS that really matters!!!!!!!
Process for Developing a Workforce Development Plan

- In the beginning……..define goals
- Step 1: Determine current state using PHAB standards
- Step 2: For each PHAB standard determine:
  - Purpose as it relates to your health department
  - What you would like to do to address the standard
  - How you plan to address the standard
- Step 3: Determine driving and restraining forces
- Step 4: Pause – Will this really work?!?! What needs to change? Make changes.
- Step 5: Develop work plan
- Step 6: Implement, sustain gains, and improve
Tip #5: Don’t Let the Perfect Be the Enemy of the Good --- Build a Workforce Development Plan for Your Employees, Agency, and Community

I don’t have:

- A completed competency assessment
- Implemented professional development plans
- Competency-based job descriptions
- A health department “climate” survey
- Etc…….

Templates can help provide guidance, but………

It’s the PROCESS that really matters!!!!!!!

Now I have:

- Goals and responsibilities for my agency’s plan
- Specific plans and timelines for assessing competencies, developing training plans, implementing training……
- Engaged managers and staff to implement a plan
Quick Tips

1. Determine what you want to achieve and where you want to be
2. Understand what skills and competencies you currently have and what you wish to build
