## Youth Wellness: Impact of Suicide

### Discussion Topics

The April 2014 Youth Wellness Learning Community will address the topic of suicide and how it affects American Indian and Alaska Native (AI/AN) communities. We invite you to attend the April 9 webinar, which will be a panel presentation led by exceptional guest presenters. They will guide attendees through the subject of suicide on a personal, mental, and communal level with a question and answer period at the end of the presentation. Participants are encouraged to return on April 23 for an open forum discussion on suicide prevention, how it has affected AI/AN communities, and how communities have overcome traumatic events.
