The Little Flower School Bus Garage was built in the early 1900’s. It was also known as the “power house” during the Catholic school era. It powered heat and water through underground tunnels to the Catholic school, priest house, and gymnasium. After the school closed in 1983 the building was vacant. In 2016, ground was broke and construction began. In March of 2017 The Diabetes/Fitness center made its grand opening as A Sacred Life Center to the community of Spirit Lake Nation.

“Congratulations to all of our participants who completed our lifestyle classes.”

“A Sacred Life Center is dedicated to those who have lost the battle with diabetes, to those who are fighting the battle, and to those who are fighting to prevent this disease.”
