  – Over communicate your work
  – Celebrate your wins

Develop an Evaluation Plan *Before You Implement*

- Things to consider:
  - How will you know if your strategy was effective?
  - What outcomes will you be measuring?
Develop an Evaluation Plan *Before You Implement*

• Suggested questions:
  – How did consumers hear about your organization?
  – How did they get your phone number?
  – How did they come to attend a particular enrollment event?
  – How many consumers created an account?
